# Go Orange

## for 9 days in November!

### We want you to host an event and help us fundraise!

This November, Muscular Dystrophy Tasmania is asking Tasmanians to Go Orange and help families living with muscular dystrophy.

Over nine days, from Friday 13 to Saturday 21 November, events and celebrations will be held around the state to raise funds and shine a light on the impact muscular dystrophy has on the people living with it, and on the families and carers in their lives.

Nine days represents the nine main types of muscular dystrophy.

This year we are helping a young Tasmanian, Brittany buy a modified vehicle of her own.
